Attn: Joel Schroeder, Vice President

1. Description of Agreement:

The contractor shall furnish and deliver the equipment and supplies associated with EPA's Emergency Response Program (Satellite Phones) on an as required basis from the above effective date through September 30, 2009. Orders will be placed for specific requirements by authorized EPA personnel or authorized contractors specified by the EPA Contracting Officer (See Attachment 1). Prices for all requirements outlined below remain in effect for one year. After that time, the Contractor is required to submit the proposed price adjustment(s) for Contracting Officer approval should the manufacturer's price increase.

2. Description of Supplies/Services:

Purchase of Motorola Iridium 9505 Portable Satellite Phone Kit with SIM Card; High Capacity Lithium Ion Battery (for 9505); Data Kit with CD (for 9505); ICARUS SkyConnect Indoors - Fixed Indoor-Use Unit (Iridium Service Compatible); and Prepaid Service Plan (500 minutes/year). EPA understands that the 9505 Portable Satellite Phone is being discontinued; therefore, when the new model 9505A is made available, this Agreement will be amended to incorporate the change. In addition, this agreement allows for the purchase of equipment and supplies listed in Attachment 3 - Vendor's Price List.

3. Extent of Obligation:

The Government is not obligated to order any equipment or supplies under this Agreement. The Government is obligated only to the extent of authorized purchase orders placed against this Blanket Purchase Agreement (BPA). The Government reserves the right to award contracts or agreements to other sources for like equipment or supplies during the same delivery period as this Agreement.

4. Purchase Limitation:

Any purchase order placed under this Agreement shall not exceed the limit of the Ordering Officer's authority as specified herein. The total amount of each purchase order placed against this Agreement shall not exceed \$5,000,000.

Year 2000 Compliance

Any product offered or electronic and authorization system delivered under this BPA is warranted to be Year 2000 compliant. Year 2000 Compliant means accurately processing date/time data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000 and leap year calculations, when used in accordance with the product documentation provided by the contractor, provided that all products properly used in combination with the contractor's product properly exchange date data within it.

99-1 Compliance with Veterans Employment Reporting Requirements (OCT 98)

(a) The Offeror represents that, if it is subject to the reporting requirements of 38 U.S.C. 4212(d) (i.e. the VETS-100 report required by the Federal Acquisition Regulation clause 52.222-37, Employment Reports on Disabled Veterans and Veterans of the Vietnam Era), it has [], has not [] submitted the most recent report required by 38 U.S.C. 4212(d).

(b) An Offeror who checks "has not" may not be awarded a contract until the required reports are filed. (31 U.S.C. 1354)

1552.211.79 COMPLIANCE WITH EPA POLICIES FOR INFORMATION RESOURCE MANAGEMENT (OCT 00)

(a) Definition. Information Resources Management (IRM) is defined as any planning, budgeting, organizing, directing, training, promoting, controlling, and managing activities associated with the burden, collection, creation, use and dissemination of information. IRM includes both information itself, and the management of information and related resources such as personnel, equipment, funds, and technology. Examples of these services include but are not limited to the following:

(1) The acquisition, creation, or modification of a computer program or automated data base for delivery to EPA or use by EPA or contractors operating EPA programs.

(2) The analysis of requirements for, study of the feasibility of, evaluation of alternatives for, or design and development of a computer program or automated data base for use by EPA or contractors operating EPA programs.

(3) Services that provide EPA personnel access to or use of computer or word processing equipment, software, or related services.

(4) Services that provide EPA personnel access to or use of: Data communications; electronic messaging services or capabilities; electronic bulletin boards, or other forms of electronic information dissemination; electronic record-keeping; or any other automated information services.

(b) *General.* The Contractor shall perform any IRM related work under this contract in accordance with the IRM policies, standards and procedures set forth in this clause and noted below. Upon receipt of a work request (i.e. delivery order or work assignment), the Contractor shall check this listing of directives (see paragraph (d) for electronic access). The applicable directives for performance of the work request are those in effect on the date of issuance of the work request.

(1) IRM Policies, Standards and Procedures. The 2100 Series (2100-2199) of the Agency's Directive System contains the majority of the Agency's IRM policies, standards and procedures.

(2) Groundwater Program IRM Requirement. A contractor performing any work related to collecting Groundwater data; or developing or enhancing data bases containing Groundwater quality data shall comply with *EPA Order 7500.1A - Minimum Set of Data Elements for Groundwater.*

(3) EPA Computing and Telecommunications Services. *The Enterprise Technology Services Division (ETSD) Operational Directives Manual* contains procedural information about the operation of the Agency's computing and telecommunications services. Contractors performing work for the Agency's National Computer Center or those who are developing systems which will be operating on the Agency's national platforms must comply with procedures established in the Manual.
