Semiannual Regulatory Agenda

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD)

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

24 CFR Subtitles A and B

[Docket No. FR-4935-N-01]

Semiannual Regulatory Agenda

AGENCY: Department of Housing and Urban Development.

ACTION: Semiannual regulatory agenda.

SUMMARY: In accordance with section 4(b) of Executive Order 12866, "Regulatory Planning and Review," as amended, HUD is publishing its agenda of regulations already issued or that are expected to be issued over the next several months. The agenda also includes rules currently in effect that are under review, and describes those regulations that may affect small entities as required by section 602 of the Regulatory Flexibility Act. The purpose of publication of the agenda is to encourage more effective public participation in the regulatory process by providing the public with early information about pending regulatory activities.

FOR FURTHER INFORMATION CONTACT: Aaron Santa Anna, Assistant General Counsel for Regulations, Office of General Counsel, Department of Housing and Urban Development, Room 10276, 451 Seventh Street SW., Washington, DC 20410-0500, (202) 708-3055. (This is not a toll-free number.) A telecommunications device for hearing- and speech-impaired individuals (TTY) is available at 1-800-877-8339 (Federal Information Relay Service).

SUPPLEMENTARY INFORMATION: Executive Order 12866, "Regulatory Planning and Review" (58 FR 51735), as amended by Executive Order 13258 (67 FR 9385), requires each agency to publish semiannually an agenda of (1) regulations that the agency has issued or expects to issue, and (2) rules currently in effect that are under agency review. The Regulatory Flexibility Act (5 U.S.C. 601-612) requires each agency to publish semiannually a regulatory agenda of rules expected to be proposed or promulgated that are likely to have a significant economic impact on a substantial number of "small entities," meaning small businesses, small organizations, or small governmental jurisdictions.

Executive Order 12866, as amended, and the Regulatory Flexibility Act each permits incorporation of the agenda required by these two authorities with any other prescribed agenda. Therefore, the agenda set out below combines the information required by Executive Order 12866, as amended, and the Regulatory Flexibility Act. In addition, the agenda contains certain information not required by either the Executive Order or by the Regulatory Flexibility Act which the Department considers useful, both better to inform the public and to enhance the Department's own inventory control over its body of regulations.

Section 610(c) of the Regulatory Flexibility Act requires each agency to publish annually a list of the rules that have a significant economic impact on a substantial number of small entities, and that are to be reviewed in accordance with the requirements of section 610 during the succeeding 12 months. Existing regulations that HUD proposes to amend by rules described and published in this agenda are reviewed in accordance with the principles of section 610 of the Regulatory Flexibility Act. The purpose of the review is to determine whether the rule should be continued without change, amended, or rescinded. Proposed changes to existing regulations provide the opportunity for the Department to conduct a section 610 review.

The Department also is subject to certain rulemaking requirements set forth in the Department of Housing and Urban Development Act (42 U.S.C. 3531 *et seq.*). Section 7(o) of the Department of Housing and Urban Development Act (42 U.S.C. 3535(o)) requires that the Secretary transmit to the congressional committees having jurisdictional oversight of HUD (the Senate Committee on Banking, Housing, and Urban Affairs and the House Committee on Financial Services), a semiannual agenda of all rules or regulations which are under development or review by the Department. A rule appearing on the agenda cannot be published for comment before or during the first 15 calendar days after transmittal of the agenda. Section 7(o) provides that if, within that period, either committee notifies the Secretary that it intends to review any rule or regulation which appears on the agenda, the Secretary must submit to both committees a copy

of the rule or regulation, in the form it is intended to be proposed, at least 15 calendar days before it is published for comment. The semiannual agenda published today is the agenda transmitted to the committees in compliance with this requirement.

HUD has attempted to list in this agenda all regulations and regulatory reviews pending at the time of publication, except for minor and routine or repetitive actions, but some may have been inadvertently omitted, or may have arisen too late to be included in the published agenda. There is no legal significance to the omission of an item from the agenda. Also, where dates are provided for the next rulemaking actions, the dates are estimates and are not commitments to act on or by the date shown.

In some cases, HUD has withdrawn rules that were placed on previous agendas and for which there has been no publication activity. Withdrawal of a rule does not necessarily mean that HUD will not proceed with the rulemaking. Withdrawal allows HUD to further assess the subject matter and determine whether rulemaking for this subject matter is appropriate. Following this review, the Department may determine that certain rules listed as withdrawn under this agenda are appropriate. If that determination is made, the rules will be included in a succeeding semiannual agenda.

In addition, for a few rules that have been published as proposed or interim rules, and therefore require further rulemaking, HUD has identified the timing of the next action stage as "undetermined." These are rules that are still under review by HUD for which a determination of the next action stage and timing of the next action stage has not yet been made.

The format of the agenda remains unchanged from previous years. HUD's agenda items are divided first by program office. Within each program office, the agenda items are divided into five groups: (i) pre-rulemaking actions; (ii) publication or other implementations of notices of proposed rulemaking; (iii) publications or other implementations of final rules; (iv) long-term rules; and (v) completed actions. Within each grouping, rules are listed in chronological order by the part number of the CFR affected. Where a rule affects

HUD

multiple parts of the CFR, the rule is listed by the first affected part number.

Since the purpose of publication of the agenda is to encourage more effective public participation in the

regulatory process by providing the public with early information about the Department's future regulatory actions, HUD invites all interested members of

the public to comment on the rules listed in the agenda.

Dated: June 7, 2004.

Alphonso Jackson,
Secretary.

Abstract: Through this rule, the Department will increase housing goals for the purchase of mortgages by Fannie Mae and Freddie Mac (collectively, the Government Sponsored Enterprises or GSEs) for calendar years 2005-2008. In accordance with the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (FHEFSSA), this rule will establish new goals for the GSEs' purchase of mortgages financing low- and moderate-income housing, special affordable housing, and housing in central cities, rural areas, and other underserved areas. This rule will also establish Home Purchase Mortgage subgoals under each goal and will codify new provision to strengthen the integrity of data that the GSEs provide to HUD on their mortgage purchases under the goals. The Secretary of HUD has general regulatory power over each GSE and is required to make such rules and regulations as shall be necessary to ensure that the purpose of FHEFSSA and the GSEs' charters are accomplished. HUD's current GSE regulations implement FHEFSSA's provisions and include fair housing, new program approval, reporting, and access to information requirements.

Abstract: Based on a proposal by OMB that would publish, in a single title in the CFR, all of OMB's guidance concerning federal agency grants and agreements, HUD proposes to simplify the Department's requirements for grants, nonprocurement agreements, and other financial assistance by establishing these standards as uniform for all HUD programs, except when statutory authority provides otherwise. This rule would also make several technical corrections to cross-references.

Priority: Other Significant

Legal Authority: 42 USC 3535(d)

CFR Citation: 24 CFR 5; 24 CFR 570

Legal Deadline: None

Abstract: This rule will implement executive branch policy that, within the framework of constitutional church-state guidelines, faith-based organizations should be able to compete on an equal footing with other organizations for Federal funding. Executive Order 13279, entitled "Equal Protection of the Laws for Faith-Based and Community Organizations," establishes fundamental principles and policymaking criteria to guide federal agencies in formulating and developing policies that have implications for faith-based and community organizations to ensure the equal protection of the laws for these organizations in federally-assisted social service programs. Consistent with the Executive order, this final rule describes HUD's policy for the participation of faith-based organizations in HUD programs and activities. In addition, this final rule would amend the regulations for the State Community Development Block Grant (CDBG) program to clarify that the requirements contained in HUD's September 30, 2003, final rule regarding the equal participation of faith-based organizations in certain HUD programs apply to the State CDBG program. HUD supports the participation of faith-based organizations in its programs.

Abstract: A report issued in June 2000 by HUD and the Department of Treasury entitled "Curbing Predatory Home Mortgage Lending" noted that by providing a source of funding, entities that purchase or securitize loans with high cost and/or predatory features are, knowingly or unknowingly, supporting the activities of predatory loan originators. The report recommended regulatory restrictions that would prohibit the two Government-Sponsored Enterprises (GSEs), Fannie Mae and Freddie Mac, from purchasing certain types of loans with high costs and/or predatory features altogether. Through this rulemaking, HUD will establish regulatory restrictions, consistent with the GSEs' voluntary restrictions, that will prohibit the GSEs

from purchasing certain loans with high costs and/or predatory features.

The new program will better assist FHA homeowners to avoid foreclosure and to maximize the value of assets disposed by HUD.

Abstract: This rule would implement a new program to make available HUD-held single family assets for sale to governmental organizations and nonprofits for use in homeownership programs to revitalize certain areas. Under the new program, HUD would identify revitalization areas by applying specified economic and housing criteria. Eligible purchasers, that is, units of general local government and nonprofit organizations, may establish an Asset Control Area within a revitalization area and commit by contract to purchase all HUD-owned

single family homes or mortgages that become available in that area for a time frame specified by the contract. By statute, these purchasers are to be given preference. The entities would then make available the assets pursuant to a HUD-approved plan to encourage homeownership and revitalize the area.

Abstract: This rule codifies the policies and procedures concerning the Teacher Next Door (TND) Sales Program. The TND Sales Program has been operating since December 7, 1999, as a temporary program. This rule establishes the TND Sales Program as a permanent part of HUD's single family property disposition program. Through the TND Sales Program, HUD makes HUD-acquired single family properties available to eligible teachers for purchase at a discount from the list price. The TND Sales Program is closely modeled after HUD's Officer Next Door (OND) Sales Program, which provides the same benefits to eligible law enforcement officers. In addition to codifying the TND Sales Program, the rule would also clarify and revise certain requirements applicable to both the OND and TND Sales Programs.

Abstract: This rule would make several amendments to HUD's regulations for the Federal Housing Administration (FHA) Credit Watch Termination Initiative. Under the Credit Watch Termination Initiative, HUD identifies mortgagees with unsatisfactory performance levels and takes ameliorative action at an early stage. The rule states that mortgagees will be responsible for using HUD's Electronic Neighborhood Watch Early Warning System to monitor their performance. Among other changes, the rule also prohibits a mortgagee that has received a notice of proposed termination of its origination approval agreement from establishing a new branch for the origination of FHA-insured mortgages in the lending area covered by the proposed termination. Abstract: This rule will codify policies and procedures that lenders and automated underwriting system vendors must observe to use the FHA Technology Open To All Lenders (TOTAL) mortgage scorecard. The TOTAL scorecard assesses the creditworthiness of prospective borrowers by evaluating certain mortgage application and credit variables that have been statistically proven to accurately predict the likelihood of default on an FHA-

Abstract: On June 5, 2001, HUD published a proposed rule to implement certain statutory changes to the Home Equity Conversion Mortgage (HECM) Program made by section 201 of the American Homeownership and Economic Opportunity Act of 2000. The HECM Program enables older homeowners to withdraw some of the equity in their home in the form of payments for life, a fixed term, or at intervals through a line of credit. The statutory changes include authorization to offer mortgage insurance for refinancing of existing HECMs, and providing consumers with safeguards for such refinancing. This rule follows publication of the June 5, 2001, proposed rule, and takes into consideration the public comments received on the proposed rule. In addition, this rule requests comments on a provision that implements another statutory change to the HECM program,

Abstract: This rule clarifies HUD's regulations concerning the responsibilities of lenders approved by the Federal Housing Administration (FHA) with respect to appraisals on properties that will be the security for FHA insured mortgages. The rule clarifies that lenders are accountable for the quality of appraisals on properties securing FHA insured mortgages. The rule specifically provides that lenders that submit appraisals to HUD that do not meet FHA requirements are subject to the imposition of sanctions by the HUD Mortgage Review Board. The rule applies to both sponsor lenders that underwrite loans, and loan correspondent lenders that originate loans on behalf of their sponsors. The codification of this clarification is designed to ensure lenders are aware of their responsibilities with respect to appraisals, and homebuyers receive an accurate statement of the appraised

Abstract: This rule would authorize the Department to establish a loan officer registry and a servicing approval agreement for FHA-approved lenders. The loan officer registry would limit registration of a loan officer to one FHA-approved lender at a time and give the Department the ability to monitor a loan officer. The rule would provide for sanctions against loan officers for poor performance. Also, the rule would clarify that a loan officer must be an employee of a lender. This rule also would create a servicing approval agreement that would require FHA approval. The Department believes that the servicing agreement would enhance its authority to supervise the servicing of FHA-insured mortgages and to take action against mortgagees that fail to perform required servicing functions.

Abstract: This rule will improve the ability of entitlement communities and States' grant recipients to use Community Development Block Grant (CDBG) funds for brownfields activities. The rule will clarify the eligibility of activities involving the cleanup and development of environmentally contaminated properties under section 105(a) of the Housing and Community Development Act of 1974. The rule also will increase CDBG recipients' flexibility to undertake activities meeting the national objective of preventing or eliminating slums or blighting conditions. The criteria for meeting the slum/blight national objective will be revised to specifically recognize economic obsolescence of buildings and the presence of environmental contaminants as blighting influences on an area or property. This rule will further clarify the list of activities that may be undertaken to address the slum/blight national objective criteria on a spot basis. Finally, this rule makes corresponding changes in the eligibility regulations governing the Section 108 Loan Guarantee component of the CDBG program.

program was authorized in 1990 by the AIDS Housing Opportunity Act, to provide States and localities with the programs and resources necessary to meet the housing needs of individuals and families with HIV/AIDS. The rule proposes to adjust the formula factor which determines the allocation of 25 percent of funds based on the metropolitan area's higher-than-average incidence of cases of AIDS, starting in fiscal year 2005 and thereafter.

Incalculating the formula allocation, the proposed change would replace the one year standard for AIDS surveillance data used to determine the high AIDS incidence to a three year data standard. This change is intended to moderate unexpected one year increases or declines in a grantee's formula allocation and allow for continuity in grant funding. In addition, the regulation would update the HOPWA rental assistance requirements to make use of additional provisions and create

additional options for grantees for operation of rental assistance programs. The changes would implement provisions used in other HUD programs, such as the Section 8 program, and thereby modernize the HOPWA regulations which were last updated in 1994.

Abstract: This rule revises the Community Development Block Grant (CDBG) program regulations by replacing the obsolete term "central city" with a new term "principal city" in the definition of "metropolitan city" and other CDBG regulations referencing "central city." The described revisions are necessary because of the recent changes to the Office of Management and Budget's (OMB) Standards for defining Metropolitan Statistical Areas (MSAs) and the announcement in 2003 of new definitions for those areas using Census 2000 data. The rule updates the affected CDBG program regulations so that the terminology used by HUD is consistent with OMB standards and the purposes of the Housing and

The FHAP program provides support for complaint processing, training, technical assistance, education and outreach, data and information systems, and other activities that will further fair housing within the State or local agency's jurisdiction. Priority: Substantive, Nonsignificant

Legal Authority: 42 USC 3535(d); 42 USC 3600 to 3620

CFR Citation: 24 CFR 100

Legal Deadline: None

Abstract: Subpart D of HUD's Fair Housing Act regulations (24 CFR part 100), which address the accessibility requirements of the Fair Housing Act, has not been updated since 1991. These regulations reference compliance with

the building standards of the American National Standards Institute (ANSI), but the reference to the ANSI edition of 1986 has long been superseded by two more recent editions of 1992 and 1998. Although parties subject to the Fair Housing Act regulations may continue to refer to the 1986 edition of ANSI, the regulations need to be updated to also offer compliance with the 1992 and 1998 editions as a safe harbor for compliance. This rule will update the regulations to provide that compliance with the appropriate requirements of the 1986, 1992, or 1998 editions of ANSI A117.1 suffices to satisfy the accessibility requirements of the Fair Housing Act.

Abstract: On June 22, 2001, HUD published an interim rule to implement

the three-year pilot program authorized by section 302 of the American Homeownership and Economic Opportunity Act of 2000. A public housing agency (PHA) may elect to provide homeownership assistance to a disabled family under the pilot program, rather than under the Housing Choice Voucher Program homeownership option. Under the pilot program, a PHA provides homeownership assistance to a disabled family residing in a home purchased and owned by one or more members of the family. Under its own terms, the pilot program expires in July 2004. This final rule removes the regulatory provision regarding the pilot program, since it will no longer be in operation.

Priority: Other Significant

Legal Authority: 42 USC 1437f(o); 42 USC 3535(d)

CFR Citation: 24 CFR 983

Abstract: The Project-Based Voucher Program replaces the Project-Based Certificate Program that was in existence for many years. Under the Project-Based Voucher Program, HUD pays rental assistance for eligible families to live in specific housing developments or units. A public housing agency (PHA) that administers a tenant-based housing choice voucher program may "project-base" up to 20 percent of voucher units funded by HUD. The Project-Based Program was authorized by law in 1998, as part of the statutory merger of the certificate and voucher tenant-based programs. In 2000, the Congress substantially revised the project-based voucher law. The law made a number of changes including permitting a PHA to pay project-based assistance for a term of up to 10 years, permitting a PHA to provide project-based assistance for existing housing that does not need rehabilitation, as well as for newly constructed or rehabilitated housing, and allowing a family to move from a project-based voucher unit after one year and transfer to the PHA's tenant-based voucher program.
