Dear Retailer:

This is an official **CITATION**, issued pursuant to Section 503(b)(5) of the Communications Act of 1934, as amended (“Act”), 47 U.S.C. § 503(b)(5), to Wal-Mart Store #2559 and Wal-Mart Stores, Inc. (collectively “Wal-Mart”) for failure to provide appropriate Consumer Alert disclosures on analog tuner only television receiving equipment in violation of Section 15.117(k) of the Commission’s Rules (“Rules”), 47 C.F.R. § 15.117(k). As explained below, future violations of the Commission’s rules in this regard may subject your company to monetary forfeitures.

On June 1, 2007, and June 6, 2007, an agent from the Enforcement Bureau’s Detroit Office visited Wal-Mart Store #2559 and observed that Wal-Mart did not have the proper Consumer Alert label displayed on equipment that contained an analog tuner but not a digital tuner at the point of sale.

Section 15.117(k) of the Commission’s Rules states:

(k) The following requirements apply to all responsible parties, as defined in §2.909 of this chapter, and any person that displays or offers for sale or rent television receiving equipment that is not capable of receiving, decoding and tuning digital signals.

(1) Such parties and persons shall place conspicuously and in close proximity to such television broadcast receivers a sign containing, in clear and conspicuous print, the Consumer Alert

disclosure text required by subparagraph (3). The text should be in a size of type large enough to be clear, conspicuous and readily legible, consistent with the dimensions of the equipment and the label. The information may be printed on a transparent material and affixed to the screen, if the receiver includes a display, in a manner that is removable by the consumer and does not obscure the picture, or, if the receiver does not include a display, in a prominent location on the device, such as on the top or front of the device, when displayed for sale, or the information in this format may be displayed separately immediately adjacent to each television broadcast receiver offered for sale and clearly associated with the analog-only model to which it pertains.

(2) If such parties and persons display or offer for sale or rent such television broadcast receivers via direct mail, catalog, or electronic means, they shall prominently display in close proximity to the images or descriptions of such television broadcast receivers, in clear and conspicuous print, the Consumer Alert disclosure text required by subparagraph (3). The text should be in a size large enough to be clear, conspicuous, and readily legible, consistent with the dimensions of the advertisement or description.

(3) “CONSUMER ALERT  
This television receiver has only an analog broadcast tuner and will require a converter box after February 17, 2009, to receive over-the-air broadcasts with an antenna because of the Nation’s transition to digital broadcasting. Analog-only TVs should continue to work as before with cable and satellite TV services, gaming consoles, VCRs, DVD players, and similar products. For more information, call the Federal Communications Commission at 1-888-225-5322 (TTY: 1-888-835-5322) or visit the Commission’s digital television website at: [www.dtv.gov](http://www.dtv.gov).”

Accordingly, it appears that Wal-Mart has violated Section 15.117(k) of the Rules by failing to place conspicuously and in close proximity to the following equipment, in clear and conspicuous print, the required Consumer Alert label:

<b>Manufacturer</b>	<b>Device</b>	<b>Model #</b>	<b>Number of Units</b>
Disney Princess	13” TV	P1300NTV	1
Nickelodean Spongebob Square Pants	13” TV	SB316	3
Teenage Mutant Ninja Turtles	13” TV	P3815NT	1

It also appears that Wal-Mart has violated Section 15.117(k)(1) of the Rules by failing to place a label on the following equipment in a location so that it is “clearly associated with the analog-only model to which it pertains:”

<b>Manufacturer</b>	<b>Device</b>	<b>Model #</b>	<b>Number of Units</b>
RCA	TV	20F420T	1

We caution you that failure to display an appropriate Consumer Alert label on any television receiving equipment that is not capable of receiving, decoding and tuning digital signals would constitute a further violation of Section 15.117(k) of the Rules.

**If, after receipt of this citation, Wal-Mart engages in conduct of the type described herein, in violation of the Communications Act or the Commission's rules, the Commission may impose monetary forfeitures not to exceed \$11,000 for each such violation or each day of a continuing violation up to \$97,500 for a single continuing violation.**<sup>1</sup>
