Updating Information and Using the Supervisor Selection Tool in AgLearn

Approved by: Deputy Administrator, Management

John Milli

1 Overview

A Background

USDA has requested that agencies ensure that each employee has accurate supervisor information, updated e-mail addresses, and updated time zone information in AgLearn. This is imperative if the automated training approval processes are to work properly. Agencies can use AgLearn to route external training requests through the approval process without having to transmit paper copies of SF-182's. Using this process in the future will reduce or eliminate delays caused by misplaced paperwork; improper, illegible, or incomplete forms; and the absence of a required approver.

B Purpose

This notice provides instructions for:

- using the AgLearn Supervisor Selection Tool to document supervisor information
- updating e-mail addresses and time zones.

C Labor-Management Obligations

Where exclusive representation exists, bargaining may be requested to the extent allowed by applicable statutes. Where contract language already addresses these policies and procedures for bargaining unit employees, contract language prevails.

Disposal Date	Distribution
January 1, 2008	All FAS, FSA, and RMA Employees; State Offices relay to County Offices

B Verifying Supervisor Information

It is now possible for employees to modify supervisor information in AgLearn. Follow the instructions in this table to verify or modify supervisor information.

Step	Action
1	Login into AgLearn according to subparagraph A.
2	Click the " Profile " link under the top menu bar. Locate the " Supervisor " field.
3	If supervisor's name is:
	• correct, go to subparagraph C
	• not displayed or incorrect, continue to step 4.
4	To select the supervisor, click on " Select " on the right of the " Supervisor " field name Another window will be displayed
5	Enter supervisor's last name in the "Last Name" field
5	
	Note: This is critical. Users cannot advance to the selection screen unless this
	field is complete.
6	Enter supervisor's first name to limit the number of names found, if the user's
	supervisor has a relatively common last name.
7	Verify that the "Agency" field shows user's agency and any relevant sub-agency
	information (such as FSA-STATES-VA, FSA-HQ). If the information in this field
	is incorrect, or user is not sure, replace information with your agency's commonly used acronym (FAS, FSA, RMA).
8	For a more precise search, enter supervisor's e-mail address in the "Email" field.
	Note: Users can also search using only the supervisor's e-mail address and last
	name.
9	Click the "Search" button, then select supervisor from the list.
	Note: Information such as e-mail address and duty station will be included to
